The Honorable William J. Webster  
Director  
Civil Intelligence Agency  
Washington, DC 20505

Dear Mr. Webster:

I am very pleased to announce that on September 26, 1987 The Aerospace Corporation Board of Trustees, after a nation-wide search, elected Mr. Samuel M. Tennant to succeed me as Aerospace President and Chief Executive Officer upon my retirement at the Annual Meeting of the Corporation in December 1987.

Sam has served at The Aerospace Corporation since 1961 in positions of increasing responsibility. Elected a vice president in 1978, he was promoted to Group Vice President in 1979. He's a member of the Air Force Scientific Advisory Board and the Scientific Advisory Group to the Air Force Logistics Center. He is also a consultant to the Los Alamos National Laboratories, served as a member of the Executive Review Panel of the Strategic Defense Initiative Pilot Architecture studies, and was a member for the Office of Technology Assessment studies on SDI survivability and battle management.

I hope you will join me in congratulating Sam and in welcoming him to his new responsibilities.

Sincerely,
